Performance Report

[2009-10]

of

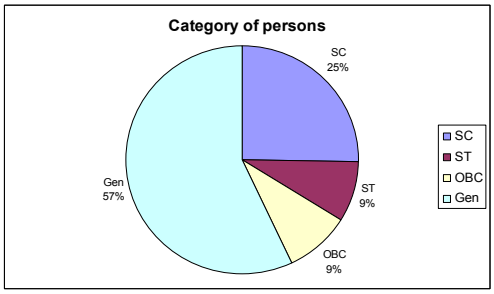
State Agricultural Management and Extension Training Institute (SAMETI)

West Bengal

Ramakrishna Mission Ashrama
Narendrapur, Kolkata 700103.
atcrkmnd@gmail.com

Overall performance at a glance:

In this financial year the institute has completed a total of 218 number of courses including – long term courses (17), medium & short term courses (75), outstation extension courses (34), outstation technical courses (64), farmers' visit etc. (28). In those programmes 7670 number of persons has received the direct services of the institute out of which 5676 are male and the rest are female. The SC, ST and OBC category of the recipient, of the services from this institute, are 25%, 9% and 9% respectively. The rest are general (57%).



Long term Programmes:

During the year 2009-2010 State Agricultural Management and Extension Training Institute (SAMETI), West Bengal has conducted 17 long term courses. These courses are basically year long course 'Post Graduate Diploma in Agriculture and Extension Management (PGDAEM)' for the technical graduate - officers of Agriculture and allied Department which includes contract classes, conducting examinations of both the semesters etc. , training on poultry technology for the village youth and para-extension workers, training on Operation & Maintenance of Agri- equipments & Machineries for the Farmers' Sons/ village youths, artificial insemination for the village youths, live stock and poultry management for ST farmers, Veterinary First Aid, Poultry & Dairy Management for the farmers . A total 464 participants participated in the training programmes.

Medium & Short term Programmes:

This institute has successfully completed 75 medium & short term training / workshop programmes. The programmes are mainly skill development training programmes for the farmers, gender main streaming, state level training cum workshop on jute and allied fibers under MM-II of Jute Technology Mission, integrated farming system approach, scientific cultivation of bamboo, post harvest management (grading, sorting, packing etc.) of horticultural crops & market linkage, Public Private Partnership for agricultural development, protected cultivation, SRI technology of rice, seminar on 'Climate change and Agriculture', scientific nursery management, bio-intensive farming, ornamental fish culture for entrepreneurship, review & planning workshop of ATCs of West Bengal etc. All total 2449 participants participated in these programmes.

Out-station extension course:

A total of 34 outstation extension courses / programme has been successfully organized by SAMETI / ATC this year. 1336 participants attended the courses during this period. The courses are mainly

operationalisation of FIAC: Sub divisional level workshop, Farm School and it's operationalisation, Modalities, preparation and finalisation of SREP, Review workshop of conveners of FIAC , attending ATMA Governing Body, management committee meeting, Gender Sensitization Programme for cutting edge level, market information for SHGs and so on.

Out-station technical course:

For technology dissemination various training programmes has been organized by the institute. The programmes are like training on improved pulse and oilseed cultivation, quality rice seed production to farmers, income generation through dairy development, intercultural operation for quality seed production, Package of practices of sesame , Bio-intensive farming, Awareness on Scientific poultry rearing, Awareness and Training Programme on 'Rural Godown under 'Gramin Bhandar Yjona' and so on .Organizing field days on 'Integrated Pest Management' demonstration , Group Plan meeting for Seed production of Kharif Pulse , Drum seeder technology for rice cultivation etc. are also the part of the outstation technical programmes. Totally 64 such programmes have been conducted covering 2574 persons.

Farmers visit:

SAMETI has arranged different types of study tour, farmers visit etc. in collaboration with different district agricultural and allied departments, Universities, Institutes, SAMETIs of other states like Orissa, Tripura, Assam etc. All total 28 such visit held in this year covering 847persons.

Exposure visit and faculty development:

Updating of faculty through different exposure visit, attending different training programme is one of the important activities of SAMETI. This year 17 such faculty development programmes have been conducted for 24 staff. They attended different programmes like 'Establishment of Community Radio Station', 2nd International Horticultural Expo, International seminar on 'Climate Change', strawberry cultivation, 'new dimension in farm machinery extension management' etc.

Study:

1. One study was conducted on AILA ….
2. Information and Communication Technology in Agriculture - A study on Kisan Call Centre, Kolkata, West Bengal
3. AH study by- Dr. Satinath Das
